Australian Apprenticeships Incentive System

Factsheet

Last Updated 1 July 2025

Apprenticeships play a key role in building a more inclusive and sustainable economy, ensuring Australians receive quality training while in employment.

Phase 2 of the Incentive System commenced on 1 July 2024 and has a stronger focus on providing financial supports towards Australian Apprenticeships in priority occupations as listed on the [Australian Apprenticeships Priority List](#) (Priority List).

Overview of the Incentive System

Government financial support under the Incentive System focuses on priority occupations, ensuring support is targeted to the skills in demand in the Australian economy. Priority occupations are listed on the [Priority List](#), which is updated in January each year. The Priority List is based on analysis of the occupations in current shortage and future demand over the next five years and, which are most likely to involve an Australian Apprenticeship entry pathway.

Australian Apprentice Payments

Australian Apprentice Training Support Payment (AATSP)

The **Australian Apprentice Training Support Payment (AATSP)** provides up to \$5,000 for eligible Australian Apprentices in an occupation and linked qualification listed on the [Priority List](#) paid over 4 instalments:

- \$1,750 at 6 and 12 months and \$750 at 18 and 24 months (full-time)
- \$875 at 6 and 12 months and \$375 at 18 and 24 months (part time)

Key Apprenticeship Program (KAP)

The Key Apprenticeship Program (KAP) contains two streams:

- New Energy Apprenticeship stream; and
- Housing Construction Apprenticeship stream.

The KAP payment is available to eligible Australian Apprentices in the new energy and housing construction occupations that are linked to a qualification listed on the [Priority List](#) and where their employer can provide **meaningful exposure, experience, and work** in the clean energy or housing construction sector.

KAP provides financial support of up to \$10,000 for a full-time apprenticeship and up to \$5,000 for a part-time apprenticeship over the life of the Australian Apprenticeship Journey. Payments are made according to the following schedule and rates:

- \$2,000 at 6, 12, 24 and 36 months and on completion (full-time)
- \$1,000 at 6, 12, 24 and 36 months and on completion (part-time)

Please note: the KAP does not supersede the New Energy Apprentice Support Payment (NEASP). From 1 July 2025, any Australian Apprentice receiving support through the NEASP will continue to have their remaining eligibility paid through the NEASP unless a reassessment is required.

Australian Apprenticeship Support Loans (AASL)

The **Australian Apprenticeship Support Loans (AASL)** is available to all apprentices and trainees in occupations on the Priority List. It provides income contingent loans of up to \$25,983 in 2025-26 to help recipients meet day to day costs while undertaking their studies.

The measure enables backdating of payments to provide immediate support to recipients. Australian Apprentices do not have to repay the loan until they are earning an income above the minimum repayment threshold (subject to the passage of legislation, \$67,000 for 2025-26).

- Australian Apprentices who complete their apprenticeship will receive a 20% discount on the loan amount. In order to maintain the real value of the loan, the loan amount will be indexed according to the Consumer Price Index annually.
- On 3 November 2024, the Australian Government announced changes to income contingent student loans, including Australian Apprenticeship Support Loans. Anyone with a student loan, including a AASL debt will have their debt reduced by a further 20% before 1 June 2025, when indexation is applied. The ATO will apply these changes. For more information visit [Higher Education Loan Program \(HELP\) - Department of Education, Australian Government](#).

Living Away From Home Allowance (LAFHA)

The **Living Away from Home Allowance (LAFHA)** is an allowance for eligible Australian Apprentices who have to move away from their parents' or guardians' home to take up or retain an Australian Apprenticeship or are homeless. This allowance is available to eligible full-time and part-time apprentices during the first three years of their apprenticeship. LAFHA is paid in arrears at the following rates:

- First 12-month period from the date of commencement: \$120.00 per week
- Second 12-month period: \$90.00 per week
- Third 12-month period: \$45.00 per week

The GTO Reimbursement Program will operate on a demand driven basis, capped at 400 reimbursed placements nationally. Each reimbursed placement offers a payment valued at \$100 per week, and up to \$5,200 (GST inclusive) over 52 weeks, paid to the GTO to reimburse for a commensurate reduction in the usual GTO service fee, or charge-out rate, charged to an eligible SME in respect of an eligible Australian Apprenticeship placement.

Disability Australian Apprentice Wage Support (DAAWS)

The **Disability Australian Apprentice Wage Support (DAAWS)** is payable to employers who employ an apprentice who satisfies the disability eligibility criteria. The incentive aims to encourage employers to provide Australian Apprenticeships to people with disability who can participate in open employment with suitable support and training. This support provides apprentices with disability access to tutorial, interpreter and mentoring services. The payment rate for DAAWS is:

- \$216.07 per week in arrears
