

ASQA regulatory action regarding Gills College Australia Pty Ltd

Fact sheet – Gills College Australia Pty Ltd regulatory action

Background

What is happening with Gills College Australia Pty Ltd?

The Australian Skills Quality Authority (ASQA) is progressing regulatory action regarding International Gills College Australia Pty Ltd (Gills College), a Registered Training Organisation (RTO) trading as Elite College Australia and/or Sterling Business College.

Gills College provided training across Australia and delivered qualifications in areas including first aid, care and individual support services, business and management and information technology. The full list of Gills College issued qualifications and statements of attainment affected are detailed below.

ASQA cancelled the registration of Gills College as a RTO effective from 21 November 2024. The decision to cancel Gills College's registration as a RTO was based on findings from an ASQA compliance investigation that Gills College had issued qualifications and statements of attainment without adequate assessment, and did not ensure students had successfully satisfied all requirements prior to issuing VET certification. As a result, ASQA is undertaking a process to consider the cancellation of some of the qualifications and/or statements of attainment issued by Gills College since January 2022.

ASQA considers that some of the qualifications and/or statements of attainment issued by Gills College during the relevant period are valid. **Former students have been contacted directly by ASQA only if they have concerns about their specific qualification(s) and/or statement(s) of attainment.**

Are qualifications issued by Gills College being cancelled?

ASQA has issued notices of intent to cancel the qualifications issued by Gills College to 3364 former students relating to 3577 qualifications and/or statements of attainment for the period of 7 January 2022 to 21 December 2023.

What happens next?

There are a number of steps that ASQA takes following a decision to cancel a provider's registration as an RTO due to evidence of qualifications being issued without appropriate training or assessment.

More information on the ASQA cancellation process can be found here:
