VET Student Loans course list and loan caps (for students) 2026

VET Student Loans are only available for approved courses at the diploma, advanced diploma, graduate certificate and graduate diploma level. For a course to be approved for a VET Student Loan it must be listed on the VET Student Loans (Courses and Loan Caps) Determination 2016 (the Determination). In addition to listing approved courses, the Determination also sets the maximum loan amounts for those courses. We call these loan caps.

Table 1 below lists all the courses that are currently approved for the VET Student Loans program and the 2026 maximum loan amount, or loan cap, for each course.

Table 2 also lists approved courses; however, those courses are only available to delivered by the training provider listed in the table.

If you would like more information on loan caps and how these increase each year with indexation, please see VET Student Loans Course Caps Indexed Amounts (for students).

You can search for VSL approved courses and find out which providers are approved to offer the courses at Explore Your Career | Your Career.
