Report date: 28 June 2024

s 22(1)(a)(ii)

Department of Employment and Workplace Relations – Documents released under FOI – LEX 2567

Attachment A

Construction Occupations for Prioritisation and Streamlining

Twenty-five occupations have been identified for inclusion in the prioritisation budget measure, and of those, six for the streamlining budget measure from appropriate countries of passport.

Rationale for the identified list

The rationale for the occupations identified was a combination of:

i. TRA as the designated assessing authority for the occupation,
ii. The occupation is listed in the ANZSCO major group of **33 Construction Trades Workers**
OR
The ANZSCO role description indicated relevance to housing construction,
iii. The risk profile of the country of passport or country of passport/occupation combination and consideration of the countries of Passport listed in the TSS legislation - *IMMI 18/039: Mandatory Skills Assessment—Subclass 482 Visa*.
iv. Feedback and recommendations from industry stakeholders.

Note: While components of the skills assessment for **licensed trades** can be prioritised, there are limitations to ensuring faster (streamlined) assessments in relation to the face-to-face practical assessment requirement in relation to assessment and industry standards and licensing requirements.

TRA Construction Assessments - Prioritisation and Streamlining

Project on a page

Project Overview

s 22(1)(a)(ii)

s 22(1)(a)(ii)

Objective and Outcome

1. **Streamlined skills assessments for about 1,900 qualified and experienced tradespeople** migrating from countries with comparable training frameworks to Australia who want to work in Australia's housing construction industry.
2. **Prioritised processing of around 2,600 in flight skills assessments by Government's in-house assessing authority**, Trades Recognition Australia for skilled migrants in targeted construction occupations.

Department of Employment and Workplace Relations – Documents released under FOI – LEX 2567

Project Details

In Scope	s 22(1)(a)(ii)
s 22(1)(a)(ii) • Streamlining and prioritisation of the skills assessment of 25 construction occupations. • Offshore Skills Assessment Program (OSAP) construction occupations and selected countries of passport will be made eligible for assessment through the Migration Skills Assessment program. • Conduct industry / stakeholder consultation to ensure appropriate occupations and countries of passport are identified for streamlining and prioritisation. • MSA Financial Data and Reporting Team to create and maintain reporting dashboards and provide registration statistics over the life of the project.

Subject: RE: 2024-06-28 TRA Construction Measure Executive Report [SEC=OFFICIAL]
Importance: High

Good Afternoon s 11C(1)(a)

On commencement of the prioritisation of skills assessments today, we found an non-construction occupation was included in the occupation list in error.

Print Finisher [392111] was included instead of Lift Mechanic [341113]. I have updated Attachment A in the executive report to remove Print Finisher and include Lift Mechanic.

A revised version of the executive report (v2) is attached.

Reviewed and approved.

s 22(1)(a)(ii)

The alignment with TSS Instrument *Migration (IMMI 18/039: Mandatory Skills Assessment—Subclass 482 Visa) Instrument 2018* (bar bricklayer) also provides a reasonable proxy for higher-risk country/occupation combinations and will put an obligation on us to review OSAP and TSS whenever the Instrument is updated.

Subject: FOR APPROVAL: Construction occupation streamlining measure (OSAP to MSA) [SEC=OFFICIAL]

Hi s 11C(1)(a)

This email is seeking your approval of the construction occupation streamlining measure, allowing for some applicants to undertake MSA instead of OSAP.

BACKGROUND
Below is the list of occupation and country of passport combinations that we are seeking to remove from the OSAP Nominated Occupations, Countries and SAR list, so applicants could then apply via MSA instead.

With the exception of Bricklayer, the remaining occupations would, if approved, be aligned with the countries nominated in the TSS legislative instrument.

Bricklayer is not nominated on the TSS list, but to remove all countries of passport would then prevent unqualified applicants from nominating OSAP so they could get a skills assessment (MSA require some sort of relevant qual for eligibility). In this case we have kept the core TSS countries of passport to effectively

Department of Employment and Workplace Relations – Documents released under FOI – LEX 2567

'normalise' it with the other construction occupations in OSAP. You will note that the four licensed occupations are not in-scope – this is due to the complexity of the agreed OTSR process not allowing for a MSA style assessment.

s 22(1)(a)(ii)

REQUEST
Do you agree with the implementation of this streamlining measure?

s 22(1)(a)(ii)

Regards

s 22(1)(a)(ii)

Streamline construction migrant skills assessments from comparable countries measure

Q&A

s 22(1)(a)(ii)

- There are two parts to this measure:
    1. **Streamlined skills assessments for about 1,900 qualified and experienced tradespeople** migrating from countries with comparable training frameworks to Australia who want to work in Australia's housing construction industry.
    2. **Prioritised processing of around 2,600 in flight skills assessments by Government's in-house assessing authority**, Trades Recognition Australia for skilled migrants in targeted construction occupations.

s 22(1)(a)(ii)

Department of Employment and Workplace Relations – Documents released under FOI – LEX 2567

s 22(1)(a)(ii)

How did you decide which occupations are considered 'construction'?

- We consulted with Trades Recognition Australia's Industry partners to agree the list of eligible construction occupations and liaised with our counterparts in BuildSkills. Subsequently, 25 construction occupations were made eligible for streamlined or prioritised skills assessments.

Department of Employment and Workplace Relations – Documents released under FOI – LEX 2567

What countries are considered 'comparable' to Australia?

- Comparable countries were determined in consultation with industry stakeholders and informed by identified risks or gaps within specific country's qualification frameworks for the in-scope construction occupations.
- The agreed comparable countries relate to specific occupations as detailed in the table below:

Table: Comparable countries and occupation combinations eligible for streamlined skills assessments

ANZSCO Code	Occupation*	Countries of Passport eligible for Streamlining**
331111	Bricklayer	China, Iran, Ireland, Papua New Guinea, Republic of Korea, Sri Lanka, United Arab Emirates, United Kingdom
394111	Cabinetmaker	China, Iran, Ireland, Republic of Korea, Sri Lanka, United Arab Emirates, United Kingdom
331212	Carpenter	China, Iran, Ireland, Republic of Korea, Sri Lanka, United Arab Emirates, United Kingdom
331211	Carpenter and Joiner	China, Iran, Ireland, Republic of Korea, Sri Lanka, United Arab Emirates, United Kingdom
331213	Joiner	China, Iran, Ireland, Republic of Korea, Sri Lanka, United Arab Emirates, United Kingdom
322313	Welder (First Class)	Iran, Ireland, Republic of Korea, Sri Lanka, United Arab Emirates, United Kingdom

* This occupation list was developed in consultation with industry. Licensed trade occupation are not eligible for streamlined assessments due to face-to-face practical assessment requirements, industry standards and licensing.

** Countries of Passport eligible for streamlining are determined in consideration of the TSS legislation - *IMMI 18/039: Mandatory Skills Assessment—Subclass 482 Visa*. Countries of Passport listed in the TSS legislation are not eligible for streamlining.

What construction occupations are eligible?

- TRA-assessed construction occupations eligible under this measure are:

1. Airconditioning and Mechanical Services Plumber	13. Glazier
2. Airconditioning and Refrigeration Mechanic***	14. Joiner
3. Bricklayer	15. Lift Mechanic
4. Cabinetmaker	16. Painting Trades Worker
5. Cabler (Data and Communications)	17. Plumber (General)***
6. Carpenter	18. Roof Plumber
7. Carpenter and Joiner	19. Roof Tiler
8. Drainer	20. Solid Plasterer
9. Electrical Linesworker	21. Stonemason
10. Electrician (General)***	22. Technicians and Trades Workers (NEC)
11. Fibrous Plasterer	23. Wall and Floor Tiler
12. Floor Finisher	24. Welder (First Class)
13. Gasfitter	25. Glazier

TRA Construction Skills Assessments Prioritisation and Streamlining

Standard words & FAQs

Info for Enquiry line

Background:

In May 2024, the Hon Brendan O'Connor MP, Minister for Skills and Training announced the fast tracking of skills assessments for migrants who have building and construction experience. This initiative will allow migrants to assist with meeting the urgent demand in the Australian housing construction sector.

Between **1 July 2024 and 30 June 2026** Trades Recognition Australia (TRA) will be

1. **prioritising** the processing of around 2,600 skills assessments in targeted construction occupations and
2. **streamlining** skills assessments for around 1,900 potential migrants from countries with comparable qualifications who want to work in Australia's housing and construction industry.

How is TRA prioritising and streamlining assessments:

1. **Prioritised assessments:** Select occupations relevant to the construction industry (identified in the table below) are eligible for prioritised processing under this initiative.
   s 22(1)(a)(ii)

   - Migrants do not need to apply for prioritisation, TRA will identify relevant applications from the occupation selected when registering on our systems for a skills assessment.

2. **Streamlined assessments:** TRA is removing the mandatory OSAP assessment requirement for specified occupation/country of passport combinations for applicants with a relevant Australian or overseas qualification. The Table below identifies the combinations eligible for streamlining.
   s 22(1)(a)(ii)

   - **Note:** licensed trade occupation and are not eligible for streamlined assessments due to face-to-face practical assessment requirements, industry standards and licensing.

FAQs

GENERAL TRA FAQs

1. I've heard TRA is doing fast tracked and streamlined assessments. Who is eligible for this?

   Between 1 July 2024 and 30 June 2026 Trades Recognition Australia (TRA) will be prioritising skills assessments for targeted construction occupations and streamlining skills assessments for potential migrants from countries with comparable qualifications who want to work in Australia's housing and construction industry.

   Before applying for a skills assessment in the Offshore Skills Assessment Program, please check here if you are eligible for a streamlined assessment through the Migration Skills Assessment program.

2. How do I get a prioritised skills assessment?

   If you are eligible for a prioritised assessment in targeted construction occupations, there are no additional application requirements. Once you have submitted your skills assessment application, TRA will identify all eligible applications and ensure they are prioritised.

OSAP FAQs

1. My country is not on the streamlined list. Why am I not eligible?

   Countries of Passport eligible for streamlining were determined in consideration of the TSS legislation - *IMMI 18/039: Mandatory Skills Assessment—Subclass 482 Visa*
   Countries of Passport listed in the TSS legislation are not eligible for streamlining.

2. I am an Electrician/Plumber/AC Refrigeration Mechanic. Why am I not eligible for a streamlined assessment?

   Licensed trade occupations are not eligible for streamlined assessments due to face-to-face practical assessment requirements, industry standards and licensing expectations.

MSA FAQs

1. I've heard TRA is doing fast tracked and streamlined assessments. Who is eligible for this?

   Between 1 July 2024 and 30 June 2026 Trades Recognition Australia (TRA) will be prioritising skills assessments for targeted construction occupations and streamlining skills assessments for potential migrants from countries with comparable qualifications who want to work in Australia's housing and construction industry.

   Select occupations and countries of passport have been removed from the mandatory Offshore Skills Assessment Program. If you were previously required to have an OSAP assessment, please check here to see if you are eligible for a streamlined assessment through the Migration Skills Assessment program before you apply.

s 22(1)(a)(ii)

JRP FAQs

1. I've heard TRA is doing fast tracked assessments. Who is eligible for this?

   Between 1 July 2024 and 30 June 2026 Trades Recognition Australia (TRA) will be prioritising skills assessments for targeted construction occupations for applicants who want to work in Australia's housing and construction industry.

s 22(1)(a)(ii)

PSA FAQs

1. I've heard TRA is doing fast tracked assessments. Who is eligible for this?

   Between 1 July 2024 and 30 June 2026 Trades Recognition Australia (TRA) will be prioritising skills assessments for targeted construction occupations for applicants who want to work in Australia's housing and construction industry.

Changes to country of passport requirements for the priority construction occupations – Offshore Skills Assessment Program (OSAP)

This factsheet provides a summary of a change to skill assessment for Offshore Skills Assessment Program (OSAP) applicants qualified for construction occupations, that are not named on the Temporary Skills Shortage (TSS) occupation list. This change follows consultation with the construction industry representatives about construction trades applicants from counties that have similar qualification standards to Australia, and Trades Recognition Australia's (TRAs) desire for consistency. This change will affect potentially approximately 1800 applicants annually seeking a skills assessment.

s 22(1)(a)(ii)

FAQs

GENERAL TRA FAQs

1. I've heard TRA is doing fast tracked and streamlined assessments. Who is eligible for this?

   Between 1 July 2024 and 30 June 2026 Trades Recognition Australia (TRA) will be prioritising skills assessments for targeted construction occupations and streamlining skills assessments for potential migrants from countries with comparable qualifications who want to work in Australia's housing and construction industry.

   Before applying for a skills assessment in the Offshore Skills Assessment Program, please check here if you are eligible for a streamlined assessment through the Migration Skills Assessment program.

2. How do I get a prioritised skills assessment?

   If you are eligible for a prioritised assessment in targeted construction occupations, there are no additional application requirements. Once you have submitted your skills assessment application, TRA will identify all eligible applications and ensure they are prioritised.

OSAP FAQs

1. My country is not on the streamlined list. Why am I not eligible?

   Countries of Passport eligible for streamlining were determined in consideration of the TSS legislation - *IMMI 18/039: Mandatory Skills Assessment—Subclass 482 Visa*
   Countries of Passport listed in the TSS legislation are not eligible for streamlining.

2. I am an Electrician/Plumber/AC Refrigeration Mechanic. Why am I not eligible for a streamlined assessment?

   Licensed trade occupations are not eligible for streamlined assessments due to face-to-face practical assessment requirements, industry standards and licensing expectations.

s 22(1)(a)(ii)

MSA FAQs

1. I've heard TRA is doing fast tracked and streamlined assessments. Who is eligible for this?

   Between 1 July 2024 and 30 June 2026 Trades Recognition Australia (TRA) will be prioritising skills assessments for targeted construction occupations and streamlining skills assessments for potential migrants from countries with comparable qualifications who want to work in Australia's housing and construction industry.
   Select occupations and countries of passport have been removed from the mandatory Offshore Skills Assessment Program. If you were previously required to have an OSAP assessment, please check here to see if you are eligible for a

TRA Construction Assessments - Prioritisation and Streamlining

Project on a page

Project Overview

s 22(1)(a)(ii)

Objective and Outcome

1. **Streamlined skills assessments for about 1,900 qualified and experienced tradespeople** migrating from countries with comparable training frameworks to Australia who want to work in Australia's housing construction industry.
2. **Prioritised processing of around 2,600 in flight skills assessments by Government's in-house assessing authority**, Trades Recognition Australia for skilled migrants in targeted construction occupations.

s 22(1)(a)(ii)

Project Details

s 22(1)(a)(ii)

In Scope
s 22(1)(a)(ii) • Streamlining and prioritisation of the skills assessment of 25 construction occupations. • Offshore Skills Assessment Program (OSAP) construction occupations and selected countries of passport will be made eligible for assessment through the Migration Skills Assessment program. • Conduct industry / stakeholder consultation to ensure appropriate occupations and countries of passport are identified for streamlining and prioritisation. • MSA Financial Data and Reporting Team to create and maintain reporting dashboards and provide registration statistics over the life of the project.

s 22(1)(a)(ii)
