

# Using the AAPathways website to research your next career

This fact sheet aims to help you navigate the <u>Australian Apprenticeships Pathways website</u> (www.aapathways.com.au) which provides career and training information for a range of occupations that offer apprenticeships and traineeships.

# The Australian Apprenticeships Pathways website

The AAPathways website provides information and resources to support apprentices, trainees and other job seekers.

Besides hosting a range of information relevant to apprenticeships and traineeships, the AAPathways website also provides industry and occupation data, links to training and other services, as well as general career information.

# About this guide

This guide provides step by step instructions on how to use the AAPathways website to access career information, including career quizzes, day-in-the-life videos and training pathway information.

Please note: The training requirements for apprenticeships and traineeships vary from one state or territory to another. You will need to choose the links for your state and territory to find the industry and training information that is relevant to you.

## For more information

If you have any questions about the Australian Apprenticeships Pathways website you can contact them via the <u>Australian Apprenticeships Pathways website contact page</u> (www.aapathways.com.au/Contact-Us) or phone **1800 338 022** or **(03) 9326 5585.**
